September 18th, 1998

Dear Kim Stram,

This letter is to certify that The Florida International University Student Government Association will attempt to break the 1983 World Record of most cars washed (by hand) in eight hours.

The event will take place on Sunday, November 15th, 1998, at the University Park Campus on Tamiami Trail and 107th Avenue.

We understand that to break the record we must hand-wash 3,884 or more cars in less than eight hours.

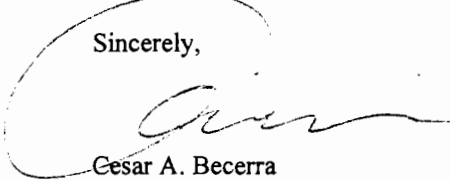

Our Car Wash is scheduled to start at 9:00am and continue till 5:00pm. We are currently signing up our 300 volunteer washers. The event will benefit four distinct projects: The United Way, Student Scholarships, The FIU Alumni Association and Motoring into the Millennium. We will be selling tickets (\$5 each) to help this fundraising drive.

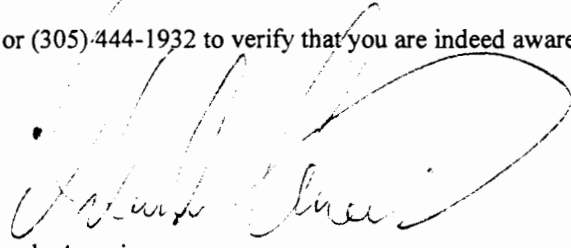

We understand that we will submit proper documentation after the event, including signatures, volunteer contact information, statements of authentication from two independent persons of high community standing, etc..

We would very much like to specify that when and if the record is broken on the 15th of November that written credit is given to: FLORIDA INTERNATIONAL UNIVERSITY'S UNIVERSITY PARK CAMPUS STUDENT GOVERNMENT ASSOCIATION.

Please give us a call at (305) 348-2121 or (305) 444-1932 to verify that you are indeed aware that you received our proposal.

Sincerely,

Cesar A. Becerra
Director

Orlando Amorin
Student Government Association University Park President
