

Dear Friend,

On behalf of The Student Government Association at Florida International University we would be honored to have you attend a special kick-off Ceremony to bid farewell to Cesar and Maud as they leave Miami on year-long Trans-USA road trip; Motoring into the Millennium. This event for Cesar & Maud's friends, family and road-trip sponsors will take place outside the rear entrance of the newly built Steven & Dorothea Green Library in the center (see map) of our Tamiami Trail Campus. This kick-off ceremony will be followed by the historic departure of our millennium messengers, Cesar and Maud. Our Student Government Association along with our Radio Station, Alumni Association and Library, are proud to be a part of this epic journey. We look forward to meeting you and your family on this historic day.

Orlando Amorin
SGA President

Ian Grocher
SGA Vice President

P.S. We suggest that you arrive at the FIU Campus (SW 107th Avenue and 8th Street) 15 minutes before 1 p.m. so that you may have ample time to park your car (use any of the parking lots around campus) and walk to the Green Library in time for the start of the event.
